INSTRUCTIONS

1. The candidate shall NOT open this booklet till the time told to do so by the Invigilator. However, in the meantime the candidate may read the instructions carefully and subsequently fill the appropriate columns given above in CAPITAL letters. The candidate may also fill relevant columns (Other than columns for marking responses to the questions) of the OMR Response Sheet, supplied separately.
2. Use only BLUE OR BLACK ball point pen to fill the relevant columns on this page. Use similar pen for marking responses on OMR Response Sheet. Use of fountain pen may leave smudges, which may make the information given by the candidate illegible.
3. The candidate shall be liable for any adverse effect if the information given by the candidate here or on the OMR Response Sheet, is illegible.
4. Each candidate must fill all the columns given above on this page and sign at the appropriate place.
5. Each candidate is required to attempt 150 questions in two hours, except for visually impaired candidates, who would be given 20 minutes extra for marking their responses on the OMR Response Sheet, which will be supplied to the candidate separately.
6. The candidate must write Serial No. of the OMR response Sheet supplied to him/her for marking responses to the questions at the appropriate column of this question booklet. Similarly the candidate must write the Serial No. of this Question Booklet at the appropriate column on the OMR Response Sheet. Failure to do so may result in rejection of the candidature of the candidate or non-evaluation of the OMR Response Sheet or both.
7. The candidate should darken the appropriate response to the question by completely darkening the appropriate circle/oval according to his/her choice of response i.e. a, b, c or d in the manner shown in the example below :
a b c d
8. Partly darkening the circle/oval on the OMR response sheet or using other symbols such as tick mark or cross, would not result in evaluation of the response as the OMR scanner can only interpret the answers by reading the darkened responses in the manner explained in preceding paragraph. Darkening more than one circle/oval as response to a question shall also be considered as wrong answer.
9. The candidates shall be responsible to ensure that the responses are marked in correct manner and any adverse impact due to wrong marking of responses would be the responsibility of the respective candidate. The following are some of the examples of wrong marking of responses on the OMR response sheet.
10. This question paper booklet has 40 pages. The questions are in English and Punjabi. Questions in Punjabi are a transliteration of the English question.
11. The candidates, when allowed to open the question paper booklet are advised to check the booklet to confirm that the booklet has complete number of pages, the pages printed correctly and there are no blank pages. In case there is any such error in the question paper booklet then the candidate should immediately bring this fact to the notice of the Invigilation Staff and obtain a booklet of the same series as this one.
12. The serial number of the new booklet should be entered in the relevant column of the OMR. The candidate should request the Invigilation Staff to authenticate the change in serial number of question booklet by obtaining the initials of the Staff on the corrected serial number of the question booklet.
13. All questions carry equal marks i.e. one mark for each question. There is no negative marking.
14. There are four options for each question and the candidate has to mark the most appropriate answer on the OMR Response Sheet.
